INJURED AT WORK? DENIED COMPENSATION?

Stand up for your compensation system!

IT MAY NOT BE THERE WHEN YOU NEED IT!!!

ONIWG is asking injured workers to come forward and help launch a legal challenge against the WORKPLACE SAFETY & INSURANCE BOARD (WSIB).

Your compensation system should remain as a public system! Not privatized for greed and profit.

Help stop the austerity attacks on injured workers!

ONIWG wants a fair and just system for you and your family should they suffer an injury- a system that helps the injured worker, not push them into poverty.
