St Andrew Subway

Researching Work Disability Policy

Scoping the ability to track social assistance outcomes of injured workers

Roundtable Discussion

Friday Sept. 23rd

9:30 to 12:00

To RSVP call
416.461.2411
Injured Workers'
Consultants

A project of The Centre for Research on Work Disability Policy, University of Waterloo Masters in Public Health Program, Ontario Network of Injured Workers Groups, Injured Workers' Consultants, Income Security Advocacy Centre and the Sudbury Community Legal Clinic.

We are developing a research proposal to examine the connection between disentitlement from WSIB benefits and receipt of Ontario Disability Support Program (ODSP) benefits among injured workers and to develop associated policy proposals and advocacy activities. We would like to discuss our project with you and hear your feedback.
